LAST LEG OF 3MM PROJECT

In May 2012, the Property Management Committee of Inter School/Inter Varsity Christian Fellowship set out to build an auditorium to house both our final sleeping accommodations and a dining hall at Turning Point Campsite. Here we capture the highlights of the journey as we are on the last leg. To those who have given we say, "thank you". For those who had intended to support, this is the moment.

We give thanks for the Trinidad and Tobago Regiment who gave us a great start in preparing the foundation and laying our floor slab in June 2013.

We are delighted to report that the steel structure has been erected. This 80 foot by 50 foot building will have a large kitchen, dining hall, and on the mezzanine floor, accommodate an additional 20 persons enabling a total of 100 beds plus a basement.

But the goal is not about buildings but about reaching lives for God. We want to get young people to influence their life's direction. We want them to acquire values that will serve them and our country well.

Thanks to you and some corporate sponsors, we are at the final stage of this project. We need to finish the basement. This will include completion of director's, speaker's and cooks' quarters, installation of windows, doors and tiles, painting, sealing and equipping of the rooms. We need \$ 600,000 (US\$95,000) to achieve completion.

We praise God for you and your help in bringing the project to this stage. Thanks be to God the Giver of all things. We ask you to consider a final gift to get us to the finish line. Will you?

Financial contributions can be made to **Republic Bank Account# 1660104114901 UWI Branch St. Augustine** or perhaps you would be interested in making a contribution to our "Buy a Tile" campaign. **Contributions to the "Buy a Tile" campaign can be made at the IS/IVCF office in Curepe or via any staff worker or PMC committee member.**
